COTTON CANDY GRAPE

Fruit has been described as nature's candy, and cotton candy grapes truly deliver on that description. Developed through crossbreeding grapes by the California company, [Grapery](#), cotton candy grapes taste like the infamous fair food. The unique grapes have excited consumers shopping the produce aisle during the summer months for over a decade. Fortunately, you can deliver that same sweet, magical taste of cotton candy grape to your brand innovation all year long with our latest flavor. Blending the notes of grape and cotton candy, this profile is sure to delight!

How Cotton Candy Grapes Get Their Sweet Flavor, According To Science

"Its resemblance to the classic pink, fluffy, sticky, outrageously sweet fair-ground treat of the same name was uncanny — and still feels that way whenever those plump, green beauties find their way into my shopping cart."

Wendy Leig, May 13, 2025. [Click for article.](#)

FROM OUR EXPERTS

“ In addition to the normal juicy sweetness one would get from a green grape, our cotton candy grape flavor is true to fruit and includes the subtle cotton candy notes to replicate real cotton candy grapes. Try a cotton candy grape flavor in an energy drink, hydration or sparkling water, confection or any sweet application! ”
